

Capri – Slate Grey: The Essence of Modern Nature

**PHOTOGRAPHY PROVIDED BY THE DEALER.
LOOKBOOK CREATED BY CWF.**

Crafted from 100% natural bamboo fibers, the Capri – Slate Grey fabric brings a perfect balance of organic warmth and contemporary sophistication.

Its subtle texture, inspired by handwoven linen, creates a soft interplay of light and shadow, offering an elegant tone of warm grey that complements any interior – from coastal modern to urban chic.

The Finest Natural Shades

Project Story & Design Intent

For this project, the designer aimed to create a calm, grounded atmosphere that merges organic texture with modern simplicity.

Capri – Slate Grey was selected for its natural woven character – offering both visual softness and structure. Its tone harmonizes beautifully with neutral palettes and light wood finishes, creating an understated yet refined mood.

Each shade was carefully measured and handcrafted to ensure a seamless flow across the windows, maintaining the consistency of the natural weave while emphasizing the horizontal bamboo pattern.

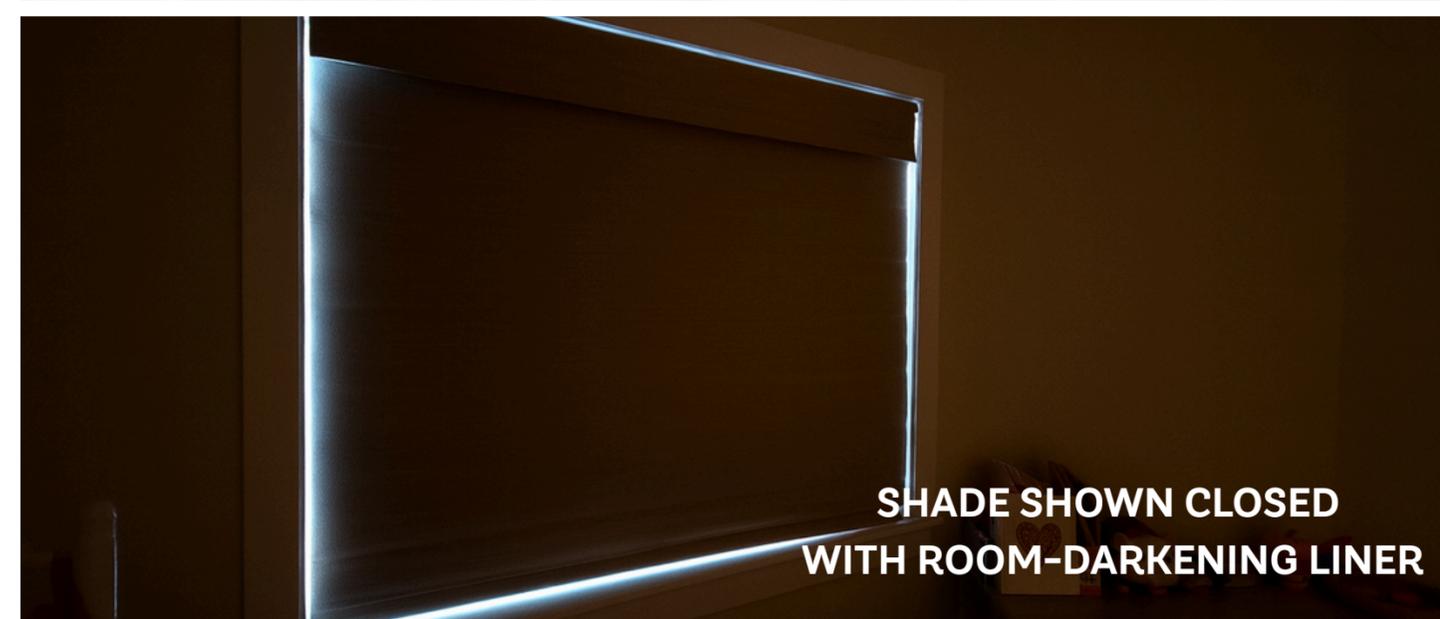

Calm & Contemporary

Inspired by simplicity, functionality, and natural warmth, this space captures the essence of Scandinavian living. The clean lines and soft neutral palette create a serene environment where every detail serves a purpose.

The shade featured here is crafted in Capri – Slate Grey, made from 100% natural bamboo. Its warm grey tone brings subtle texture and a timeless aesthetic that complements modern interiors.

When paired with a room-darkening liner, it offers complete privacy and restful comfort – perfect for bedrooms or children’s spaces that need both beauty and practicality.

Capri

- Material: 100% Bamboo
- Color: Slate Grey (Warm Tone)
- Weave: Fine horizontal weave, mimicking fabric-like texture
- Light Control: Light-filtering

Every Capri – Slate Grey shade embodies our philosophy – natural materials, refined fabrication, and timeless design. Its bamboo composition offers eco-friendly benefits while achieving a soft, textile-like finish rarely seen in natural weaves.

This installation demonstrates how our natural shades line can elevate interiors by blending organic authenticity with modern craftsmanship.
